

Clipstone Brook Lower School

Vision, Mission and Values

Vision

Our Vision for Clipstone Brook is to be a friendly school at the heart of the community, providing ambitious outcomes for our pupils to give them the best start in education and in life.

Our Mission and Purpose as a School

'Belong, Thrive, Learn'

Our purpose is to provide support and challenge to pupils so that they develop the tools that they need to flourish in all that they do as individuals and members of the community.

Our Values

Respect – We treat each other with respect throughout the school community.

Ambition – We are ambitious for ourselves and others and support each other to achieve.

Trust – Trust is built on positive relationships and we encourage these throughout our school community.

Friendly and Compassionate – We are friendly to each other, try to understand how others are feeling and how we can help them.

Determination – We are resilient and try our best.

Honesty – We are honest with each other throughout the school community.

These values are actively promoted in our everyday practice and are focused on in our behaviour policy and school rules. At times across the year, we focus on each value and assemblies and class time are spent discussing them. We also celebrate when children demonstrate applying our values by giving certificates which are shared in celebration assemblies and in our newsletters.
